Chartering your league has never been easier!

Just go to BabeRuthLeague.org and log into your account.
(New leagues will need to call Babe Ruth League Headquarters at 1-800-880-3142 before getting started.)

Board Members must complete all of the contact information that is required, including:

First and Last Name, Street Address
(Do not use a P.O. Box for the League President's address because UPS does not deliver to P.O. Boxes.)
City, State and Zip, Email along with Mobile, Work and Home Phone Numbers.

You have your own insurance?

If so, you will need to submit your insurance certificate along with naming Babe Ruth League, Inc. as "additional insured" for liability coverage at the time of chartering. You will be able to submit an electronic copy of the certificate. The electronic certificate must reflect that there is Accident Insurance as well as Liability coverage for claims of negligence brought by an athletic participant (i.e. no athletic participant exclusion) on the policy and abuse/molestation coverage with a minimum of $1,000,000 limit.

Savings!

Order regular season and tournament supplies now and save. You can order additional Rulebooks and Patches/Emblems while filling out your Charter Information.
(Remember, regular season and tournament trail teams are required to have the patch on the uniform. Also, no more stitches! The patches are iron-on.)

Once you have completed all the required information and submitted your application online, Headquarters will review the application and an email will be sent to the League President to make payment for the charter/insurance.
(It will usually take up to 3 business days from the time that you submit to the time Headquarters will complete the review.)

Once we have received your payments for charter and insurance and both are posted, your league account will be clear to print your insurance certificates as well as create and print additional insured certificates.

Once your league is officially chartered:

If you need to go back and add teams later in the year, simply log in and click on "Add or Remove Teams."

Approved Directors & Officers Insurance Program

Including Cyber Privacy & Client Identity Theft Supplementary Payment

Why You Need This Protection

Although the General Liability policy provides excellent coverage to directors and officers for claims that are bodily injury and property damage in nature, other claims could occur which result from professional decisions made that may not have caused bodily injury or property damage. This is where the Directors and Officers Liability policy would provide coverage to the directors, officers, coaches and managers who may be putting their personal assets at risk.

Program Description

This program provides important protection for amateur sports organizations chartered with Babe Ruth League, Inc. for claims arising out of allegations of errors, omissions or wrongful acts committed by its directors, officers, employees or volunteers. This coverage will respond to allegations of discrimination, wrongful dismissal, acts beyond granted authority, failure to deliver services, and wrongful employment practices. Defense costs are paid in addition to the limit of liability. Coverage is provided on a Claims Made basis, applying only to claims first made during the coverage period.

Directors & Officers and Employment Practices Liability

Coverage	Limit
Maximum Aggregate Limit of Liability	$1,000,000 each year
Deductible	$500 each claim

Who Is Covered?

The local league itself, directors, officers, and other volunteers including coaches, managers, committee personnel, committee members and trustees.

Eligible Organizations

Organizations that meet all of the following criteria are eligible to submit an enrollment form for coverage under this program.

1. Board that oversees a chartered Babe Ruth/Cal Ripken League.
2. Chartered Babe Ruth/Cal Ripken Leagues must purchase the Babe Ruth League endorsed Accident and General Liability plans.
3. Must operate as a not-for-profit organization.

Notable Exclusions

This insurance will not pay any claim based upon:

- Advertising Injury
- Nuclear
- Wrongful Death
- Fungi
- Property Damage
- Failure to maintain proper insurance
- Pollutants
- Bodily Injury
- Personal Injury
- Sexual Misconduct, Child Abuse & Child Neglect

Explanations

Notice: Following are several items related to claims made policies that should be considered.

Prior Acts

If a claims made policy contains a retroactive date, that policy provides no coverage for claims arising out of incidents, occurrences, or alleged wrongful acts which took place prior to that retroactive date.

Claims Made During Policy Period

This policy covers only claims actually made or incidents reported against the insured while policy remains in effect, or any applicable extended reporting period. All coverage under the policy ceases upon the termination date, except for the automatic extended reporting period coverage, unless the insured purchases additional extended reporting period coverage.

Extended Reporting Period

The automatic extended reporting period is sixty (60) days from the termination or expiration date of the policy. The additional extended reporting period, if purchased, may be up to three (3) years for non-profit policies. If this extended reporting period is not purchased and the subsequent policy does not provide full prior acts coverage or is an occurrence policy, there may be gaps in coverage.

Claims Made Policy Maturity

When the retroactive date on a claims made policy is concurrent with the effective date of the policy or less than five years prior to the effective date, there is considered to be a reduced level of exposure in relation to an occurrence policy. For this reason, claims made rates are comparatively lower than occurrence rates. As the claims made relationship matures, the insured can expect substantial annual premium increases independent of overall rate level increases. If, however, the retroactive date on a claims made policy is more than five years prior to the effective date of the policy, that claims made relationship is considered mature and rate levels will not increase for this reason.

Optional Coverage Available Equipment and Contents

(Inland Marine)

This coverage is for direct loss or damage to equipment due to fire, theft, vandalism or other covered causes excluding earthquake and flood (subject to the actual policy terms and conditions).

Items eligible for coverage include:

- Sports equipment (such as balls, uniforms, pads, helmets, netting, pitching machines)
- Field maintenance equipment (such as lawn mowers, grooming equipment)
- Concession stand equipment excluding food & beverage inventory
- Portable storage units and portable bleachers (not permanent structures)

Should you need coverage for permanent structures, light poles, scoreboards, tents, etc., or if your total values exceed $200,000, please contact K&K Insurance at 1-800-736-7358.

Coverage Conditions:

- Only Babe Ruth/Cal Ripken Leagues who purchase the Babe Ruth League Endorsed General Liability and Participant Accident plans are eligible for this coverage.
- Coverage cannot be extended to cover glass or permanent structures such as concession stands, bathrooms, storage units that are permanent or press boxes.
- You must insure the full replacement cost* of all your equipment and contents to avoid a co-insurance penalty at the time of loss. Should you add additional equipment or contents to your inventory, please contact K&K to have your insured value amended to avoid a co-insurance penalty.

> * FULL REPLACEMENT COST EXAMPLE: If you have a 10 year-old tractor worth $500 that would cost $3,000 in the stores to replace, you need to insure it at the $3,000 limit.

- Any items valued over $5,000 must be individually listed.

Losses are subject to a Deductible according to the following Deductible schedule:

Total Value Per Location	Applicable Deductible
$1 - $10,000	$250
$10,001 - $100,000	$1,000
$100,001 - $200,000	$2,500

Rate of Coverage: Total Replacement Cost Value X $.0314 = Calculated premium subject to a $100 minimum premium

Calculations Examples:

- Example #1 - $50,000 Replacement Cost Value X $.0314 = $1,570
- Example #2 - $2,000 Replacement Cost Value X $.0314 = Less than $100 so $100 minimum premium applies.
